

NRECA is again an Official Supporter of EPRI Electrification Conference

At the National Rural Electric Cooperative Association, we're proud to be an official Supporting Organization of the Electric Power Research Institute's (EPRI) [Electrification 2020 International Conference & Exposition](#). Join us in Charlotte, North Carolina on April 6-9, and get ready to electrify your 2020!

You'll gain access to industry influencers and compelling content to help you advance your electrification initiatives and create sustainable solutions through:

- Two days of [Pre-Conference Workshops](#)
- 35 Breakout Sessions
- Three executive-level Plenary Sessions
- A comprehensive [Exposition](#)
- Multiple networking functions

As the only event to cover the entire electrification spectrum, Electrification 2020's seven [agenda tracks](#) will address the issues that matter to organizations across industry sectors:

- Frontiers of Electric Mobility
- Advancing Building and Customer Technologies
- Electrifying Industrial and Commercial Customers
- Electrification and the Modern Grid
- Community and Customer Benefits of Electrification
- A Policy Landscape for a More Electrified Economy
- Innovations in Electrification

Don't delay – register [here](#) before prices increase on February 1! Full conference details are available at www.electrification2020.com. To receive continuing updates and details on Electrification 2020, join the [Mailing List](#).
