To Whom It May Concern:

In March 2010, Arkansas Electric Cooperative Corporation (“AECC”) engaged NRECA to provide its executive search services as AECC sought to fill the position of Director of Human Resources (“HR”). Working directly with Mr. Ken Holmes, Director, Executive Search, AECC successfully completed the process of hiring the Director of HR in September.

Mr. Holmes provided excellent advice at each stage of the search beginning with the advertising phase and culminating with the interview/selection phase. He helped reduce the stress which can be associated with filling vacancies and responded timely to all requests for additional assistance.

I would encourage any electric cooperative to utilize NRECA’s Executive Search Services. It was money well spent.
