

Touchstone Energy[®]
Cooperatives

PROGRAM AND CONTACT GUIDE

OUR MISSION

Touchstone Energy® helps its member cooperatives strengthen relationships with their members.

VISION STATEMENT

Touchstone Energy® helps its member cooperatives strengthen their relationships with their members. It is a national network of electric cooperatives across 46 states that provides research, communications resources, and employee training programs to help its member cooperatives better engage and serve their members.

As a result, Touchstone Energy cooperatives are positioned to achieve superior member satisfaction and engagement to strengthen the cooperative, the community it serves, and the electric cooperative community at large. Through access to targeted programs and a unifying, national brand, Touchstone Energy cooperatives stand out as a trusted source of power and information to their 30 million member-owners every day.

ACSI® SCORES

The American Customer Satisfaction Index (ACSI®) is one of the most recognized measures of customer satisfaction in the country and helps co-ops assess and improve service to members. Your cooperative has access to ACSI as a part of your membership.

CO-OP CUSTOMER SATISFACTION SCORECARD

The online Co-op Customer Satisfaction Scorecard allows cooperatives to benchmark their ACSI® scores against quarterly, low, and high ACSI scores of all participating Touchstone Energy® electric cooperatives in all four U.S. Census regions.

NATIONAL SURVEY ON THE COOPERATIVE DIFFERENCE

The annual Touchstone Energy Cooperative Difference Survey is conducted among thousands of diverse co-op members across the country to identify key drivers of satisfaction and engagement. The survey provides your co-op with strategic insights to connect more effectively with members.

FRONT PORCH FORUM ONLINE FOCUS GROUP RESEARCH

The Front Porch Forum is an opportunity for co-ops to have their members participate in an online focus group dedicated to timely topics, such as electric vehicles, residential solar, smart homes devices, and more. There are no costs for a co-op to participate.

A&A (ADMIRE & ACQUIRE)

Collection of ideas and best practices from Touchstone Energy peers to engage your co-op members, support your teams, and elevate your communities.
